

TO WHOM IT MAY CONCERN

This is to certify that **Mr. Shahram Shafiq** has worked as an “**AI Engineer intern**” at **Octathorn Pvt. Ltd.** from **22-06-2026** till **31-07-2026**. During the internship, he demonstrated a professional attitude toward his responsibilities and a consistent willingness to learn and grow.

He actively contributed to assigned projects while gaining practical exposure to Artificial Intelligence, Computer Vision, and Robotic Process Automation (RPA).

His key responsibilities and hands-on experience included:

- Implementing and evaluating Optical Character Recognition (OCR) solutions using **PaddleOCR** and **EasyOCR**, including comparative performance analysis.
- Applying image preprocessing techniques to enhance OCR accuracy on challenging datasets.
- Developing and evaluating motion and change detection algorithms using **SuBSENSE/SMOG2**-based background subtraction and computer vision techniques.
- Gaining practical experience in **Computer Vision, Machine Learning, Deep Learning**, pretrained AI models, model fine-tuning, image processing, feature extraction, model optimization, and Python-based AI development.
- Learning and developing automations using **UiPath**, including workflow creation, deployment to **UiPath Orchestrator**, remote execution, and Computer Vision-based automation.
- Developing web automation solutions using **Playwright** with **Node.js**.
- Successfully completing an automation project by applying the knowledge and skills acquired during the internship.

Shahram has made valuable contributions to the success of our organization. We wish him all the best in his future endeavors and have no doubt that he will continue to excel and achieve great success in his professional career.
